

21 Army Support Committee Needs You!

The Support Committee, as a part of the Army Cadet League, is the backbone of any Army Cadet Corps and without their efforts, things would come to a screeching halt. Working in the background the Support Committee is responsible for raising funds to cover the extra costs that the Corps may incur.

- Team equipment
- Banquets
- Field trips and year-end trips
- Ceremonial uniform parts

These funds are gained through tagging days, fundraising activities and seeking donations from governmental and private organizations.

Join the 21 Army Support Committee

Our current support committee has a number of members who are seeking to reduce their involvement. We are down to the bare minimum number of members. **We need more members to join the team.** If we do not get more members then the 21 Army Support Committee will need to be disbanded. The bank account will be frozen and duties will be administered centrally from the Army Cadet League. Activities within 21 Army cadets will be limited to regular Monday night training and those sponsored by the Department of National Defence.

To join the 21 Army Support Committee please contact our current Chairperson
Enza Finnie at enza.finnie@21armycadets.ca
